Over the years, it has been a great pleasure providing service to you as my patient. It is with mixed emotions that I am announcing the closing of my Peachtree City location, this will be effective September 18, 2017. I have made a decision to open another office location, in Brookhaven, the northeastern suburb of Atlanta. I appreciate you as my patient and I welcome you to visit my main office, in Stockbridge, which is less than 30 miles away.

I value you as a patient and I hope you will come to my other locations for your healthcare needs. Your medical records will remain confidential, at my main location, in Stockbridge. If you would like your medical records sent to another practice, please have that practice send an authorization for medical release form to my office. The phone and fax number will remain the same. We have included all the information needed for my other location, including address, office hours, phone and fax number below. I realize that change can be difficult but my staff and I hope to make the transition as smooth as possible for you.
